## SINGLE-STATERS ARE CONFIDENT

Sequoyah Campaign Closes With a Whirlwind Finish—Final Effort to Get Out the Vote.

EXPECT 100,000 VOTES.

Fifty-Seven Senators and Congressmen Have Signified Their Willingness to Vote for Separate Statehood.

**REPUBLIC SPECIAL.**  
Montpelier, I. T., Nov. 4.—The Sequoyah campaign practically closed to-night, and it has been a whirlwind finish. There is more encouragement in the separate statehood organization than ever before. They are making the final effort to get out a vote and there were speeches all over the Territory to-night.  
The campaign managers have been casting up the estimates that have been made in each county by the district captains and they believe that the vote is going to be close to 100,000.  
This afternoon the Campaign Committee gave out a list of fifty-seven Senators and Congressmen from whom there have been received letters favoring the admission of Sequoyah as a State. Extracts from thirty of these letters were published this afternoon.  
The thirty made public are: Congressman W. E. Brown (Rep.), Wisconsin; Senator McLaurin (Dem.), Mississippi; Senator Burrows (Rep.), Michigan; Congressman Burgess (Dem.), Texas; Congressman Frensch (Rep.), Idaho; Congressman Webb (Dem.), North Carolina; Congressman Caldwell (Rep.), Kansas; Congressman Adair (Dem.), Georgia; Congressman Warren (Rep.), Wyoming; Congressman Davis (Rep.), Minnesota; Congressman Williams (Dem.), Mississippi; Congressman Kennedy (Rep.), Nebraska; Congressman Snyder (Rep.), Ohio; Senator McHenry (Rep.), Kentucky; Congressman Weiss (Rep.), Wisconsin; Congressman Blagden (Rep.), Texas; Congressman Sinsing (Dem.), Tennessee; Congressman Wood (Rep.), Missouri; Congressman Morrison (Rep.), Michigan; Congressman Roberts (Rep.), Massachusetts; Congressman Zeno (Rep.), Indiana; Senator Clay (Rep.), chairman Senate Committee on Indian Affairs, Minnesota; Senator Gallinger (Rep.), New Hampshire; Senator Penrose (Rep.), Pennsylvania.  
In addition to the thirty, the Campaign Committee claims it has twenty-seven letters from other members of Congress, who say that their views are not made public at this time.  
**CONGRESSMAN MURPHY'S OFFER.**  
Congressman A. P. Murphy of Missouri states that he is willing to introduce a separate statehood bill for Indian Territory if his friends here want him to.  
Letters containing extracts from the letters of thirty members of Congress mentioned together with a list of the voters to get out and the voters for Sequoyah were printed to-day, and to-night they will be posted in each of the forty-eight counties in Sequoyah. The Campaign Committee has secured two horsemen in each county, and posters were sent to them by express. These posters will be conspicuously flaunting their message for Sequoyah from fifty public places in every county in Sequoyah to-night.  
This clever move gives the separate statehood the last "nay" in the campaign. By the party-express system these posters will be in the hands of the voters in every county, and single-staters will not have time to refute or deny them before the election Tuesday.  
The single-staters are using the "stay-at-home" method to defeat the Constitution. They are holding the campaign and it will be unsuccessful, and that there will be a tremendous rural vote pulled, and that only in the town and city single-staters are able to keep down the vote. The number of votes cast Tuesday will be a matter of national interest.

Son of Christian Pepper Asks \$300 as Salary.

Papers were filed in the Circuit Court yesterday in the action of Adolphus Pepper against the Christian Pepper Tobacco Company. Adolphus Pepper is the son of Christian Pepper, who died in 1901. He claims that the tobacco company owes him \$300 for salary as a clerk in 1904. After his father's death, Pepper claims he continued in the service of the company and was paid \$300 for his services. He claims that the company owes him \$300 for the year 1904, but that it was credited on the \$300 so that \$300 is due him on salary, he asserts.

**United Railways Disburses Nearly \$200,000 to Plaintiffs in Damage Suits Against Old Corporation.**

The claims department of the United Railways is paying out nearly \$200,000 in settlement of damage suits filed during the period that the St. Louis street railways were operated by the Transit Company. These suits are being settled out of court, and lawyers claim, the street railway officials say, that are founded on just grounds.

"Payment is not based on any rule," said Judge Priest, general counsel for the United Railways, says that the company's history is the result of a public policy recently determined on to the effect that the company should meet half way all just claims against the Transit Company.

"The lower courts, State and Federal, have decided that the United Railways should meet the claims of the Transit Company. These cases are now pending in the Federal Court of Appeals. Prior to the organization of the street railway company damage suits aggregating \$1,000,000 had been filed against the old corporation."
